It was proposed by W. Lammett & seconded by W. Arton that the Government be notified that it is the view of this Association, that without detriment to trout, the fishing season can be prolonged in Western Florence Streams until May 31st & that other Associations be notified of these views with the object of securing their Cooperation

Messrs Manning, Bostock & Horwood were duly elected Members of the Ass. also A. Davis, & Alf Dawgie.

It was proposed by W. Pickstone & duly seconded that the Sec. be thanked for his work during the year & all those who had assisted in fetching the Fry from Inglis Hall & looking after the Ova.

The Sec. reported that of the 10,000 ova ordered we had received 5100 but that we had by lost the lot, W. Chaplin kindly came over to buy & find out the reason & came to the Conclusion that although everything looked all right & every care taken, the Stream

contained too much vegetable matter sediment which suffocates the ova, the Sec. also stated that Mr. Chaplin had offered to take over our hatching trough if we decided to give up hatching ova.

A sum of £6 was collected from some of our Members in aid of a special Fund got up by Mr. Mytton of Worcester Angling Club for the purpose of making a last effort to stock the Worcester waters, which he thinks then will be self supporting.

A recommendation from the Worcester Angling Club to the Government proposing that all rivers in which trout exist should be closed for poaching for indigenous fish by means of hook & bait during the close season in trout had received our support. & also proposing that licences should be taken out for indigenous fish, & exempting Riparian owners & their bonafides.

Committee Meeting held at the R.F.F. Park Lound on August 3rd 1915

Present. Messrs. Anton (in the chair) Manning, Lamont, Mayo & the Rev. Gladstone Hawke.

The Rev. Gladstone Hawke was unanimously elected to fill the vacancy on the Committee & attended the Meeting.

The Comparative small number of fish Killed in the Berg proper was freely discussed but no definite Conclusion as to the Cause was arrived at.

It was decided that Mr. Chaplin should be asked to come over at his convenience & advise as to the making of Ponds in order that we may be able to hold over next year fry after delivery from the Hatchery until they were a good size & could be turned down with less fear of destruction from floods; the General impression being that larger fish would have a better chance in our Waters.

General Annual Meeting of the Great Bralgus Angling Assoc. held at the R. F. F. Palk House on Thursday Sep. 9th 1915.

Present
Messrs. H.W. Pickstone, Mannin, Acton Hopkins, Carruthers, & Mayo.

After the Minutes of the previous Meeting had been read & confirmed The Hon. Sec. explained that on account of want of Funds, he had only ordered 10,000 fry instead of 20,000. It was proposed by Mr. Mannin, Sec'd by Mr. Acton & carried that the Financial Statement be adopted

It was unanimously resolved that 15,000 fry be ordered for next year whether brown or rainbow being left to the discretion of the Hon. Sec. & Mr. Chaplin

It was unanimously resolved that ~~that~~ Mr. Francis (who had previously been elected a member) should be asked to fill the vacancy on the Committee, & failing his acceptance Mr. Hopkins was duly Elected.

It was resolved that the the Provincial Secretary be requested

to extend W. Mannings permit to fish for experimental purposes for another 12 months.

It was unanimously resolved that W. Chaplin of Tofino Hotel should be made a life member of our Association & Lt General Thompson an Hon. Member.

A discussion ensued as to the advisability of employing a man to clear the Dwars, many miles of which are unfishable owing to overhanging trees & bushes, most of the members being in favour, but want of funds the drawback. It was finally proposed by W. Manning Sec'd by W. Carruthers & carried that the Western Districts Game & Trout Protection Association be asked if they are prepared to assist our Association in clearing the rivers under our control.

Upon the Sec. informing the meeting that W. Chaplin had promised to come over & advise us as to the best places for turning down next year fry, W. Pickstone agreed to thoroughly clean his dam at Delta

for that purpose if met with Mr Chapelins. aproval

The following Resolution was passed, Members Standing.
That this Association Expresses its great sorrow in the loss of the late Mr Spence, & the Sec was instructed to forward a copy of the same to Mr Clifford Knight.

The Annual General Meeting of the Great Marlborough Anglers Assoc. held at the R. F. F. Tackhouse on Friday Sep. 22.nd 1916.

Present
Messrs Arton (in the Chair) Franceys Manning, Davis, Baker, Mayo & W. Chaplin the Fish Curator.

After the Association had expressed its gratitude & pleasure at the presence of W. Chaplin the minutes of the previous Meeting were read & confirmed & the financial Statement adopted.

After a long discussion as to the dates of opening & closing of the Season, it was finally proposed by W. Arton seconded by W. Davis & carried that in future the open Season should be from September 15th to April 15th & the Sec. was instructed to forward this resolution to the Provincial Sec. In any case the Association bound itself not to fish Later than April 15th.

It was proposed by W. Franceys seconded by W. Manning & unanimously carried that

for the duration of the war this Association should annually donate £10. to the Governor Generals Fund.

It was decided after hearing Mr. Chaplin's views on the subject to order Rainbow Fly for the coming Season. In the last 5 years nothing but Brown Trout Fly had been turned down & on the whole the results were not satisfactory.
The Sec. was empowered to order as many as funds would permit.

It was resolved that the Governor be requested to supply us with Fry as late in the season as possible. Under existing circumstances fry had often to be turned down in swollen streams & streams which were also for some weeks liable to flood, this being of course very detrimental to their well being.

It was decided that the Secretary be empowered to admit a few (4) more Paid Men to membership.

A letter was read from W. Hopking who for various reasons felt compelled to send in his resignation. The Association refused to accept the same & unanimously elected him an honorary Member.

The Association unanimously expressed their grief at the loss of W. Maclear who fell fighting for his country in Flanders.

A letter was read from the Committee of the W. C. T. Protection Association in answer to one from our Association as to the advisability of destroying big fish, more especially in connection with one pool in the Berg in which big fish congregate in great numbers. The letter was as follows

"That in the opinion of this Committee it is neither necessary nor desirable to prohibit night fishing; Further that big fish are detrimental to a river & no obstacles should be placed in the way of catching them by lawful means"

A long discussion followed, some of the members being of the opinion, that as a great number of fish were killed in this pool every year, mostly very late in the evening, this destruction might have a detrimental effect on the stocking of the river, more especially as late in the season the pool was entirely deserted by the fish, they presumably having gone up stream to spawn.

It was finally proposed by Mr Manning seconded by Mr Pickstone & carried that the Rev. H. G. Gladstone-Hawke, who has taken a great interest in the question & devoted considerable time to the matter, should be asked to continue his investigations into the matter

matter, & the members were asked to give
him all the assistance possible &
The Sec. was asked to notify the
W. P. G. & T. Protection Association of the fact.

The following new members from the
Paul were unanimously elected
Fr. Messrs Purvis. J. F. Fowler,
W. Wellshire Harmer & B. E. Randall

The Hon. Sec. & Treas. tendered his resignation
his reasons being that he was still
uncertain whether he would be
in the Valley after the End of October
& that he felt he had held the
position too long & that he was sure
another member could be found
willing & anxious to do the work.
However at the request of the members
present he consented to continue
his duties for the time being.
All the other officers were unanimously
re elected, & it was decided to add
W. P. Rout's name to the Committee
if he were willing to accept office

It was proposed by W. Arton, seconded
by W. Gladstone-Hawke & carried,

+ A Copy of this resolution to be sent to the Prov. Sec.

It was proposed by Mr. Pickstone Seconded by the Rev. H.C. Gladstone-Hawke + carried that Messrs Arton + Mayo be appointed delegates to this Conference if called

The following resolution was unanimously carried "That this Association whilst appreciating the difficulties of the situation during the last 5 years regrets the apparent state of apathy into which the W.P. Fly + Trout Protection Society has fallen + suggests that the Executive Trout Committee of that Society should in future be made as far as possible fully representative of the West. Prov.

It was proposed by W. Baker seconded by Mr. Clough + carried that the Officers be re-elected en block. the Hon Sec. said he was willing to carry on but hoped that by next year someone would be willing to take his place.

Mr. W. A. Lamont was unanimously elected an Hon. Member.

It was proposed by the Rev. Gladstone - Hawke seconded by the Sec that rainbow fry be ordered for the coming season.

Mr Arton proposed as an amendment, seconded by the President that no money be allocated for the purchase of fry, but that all our funds should be spent in freeing the river from White fish by netting or other means approved by Committee.

Mr Artons Amendment was ruled out of order as being a direct negative thereupon the Rev. Gladstone. Hawkes resolution was put & defeated by the casting vote of the Chairman.

Mr Arton then put his Amendment as a resolution which was carried by the casting vote of the Chairman. & the Sec. was instructed to forward a copy of this resolution to the Prov. Sec. & to do his best to get Government permission in accordance with the wording of the resolution. Any such netting &c. to of course be under the supervision of members of the Association.

Committee meeting held at the R. F. F. Factory on Wednesday 20th July 1921.

Present
Messrs H.G. Pickstone, Francey, Anton Lewis + Neayo.

The Meeting fully discussed Mr. Shaws Preliminary report on the rearing + developing of trout in Provincial Waters. The information required by Mr. Shaws for his final report was given + the following resolution was unanimously passed

That before acting on any thing which may be recommended by Mr. Shaw in his final report to the Administration, the report should be made public and our Anglers + Societies interested, Consulted.

It was also unanimously resolved to write to Mr. Chaplin as follows.

"That as it appears to us in Mr. Shaws preliminary report, a reflection is cast on your administration at Tonkers Hook. We would like to assure you that you have the fullest confidence + can rely upon the support of this Committee

It was also resolved that in our opinion our the Shortage of trout was due to the quantities of Wille fish in our streams + consequently a shortage of food.

was instructed to write to the Provincial Secretary stating that such + requesting respectfully that in future all matters relating to Trout fishing should be referred directly to the individual Societies.

Mr Carruthers reported that a large number of trout had been killed in the French Hoek Steam owing to Farmers running their Surplus Wine directly into the river, he had reported the matter to the police & the Wine Growers Cooperative Society who at once stopped the proceeding. It was however unanimously resolved the the President of the Wine Growers Coop. Society & the Paarl Magistrate should be written to, stating that pollution of the rivers occured again & should consult our Engineer in the matter.

A letter was read from W. Chaplin who in order to obtain a large trout to exhibit at the Empire Exhibition had netted the Imelin Pool, stating that he had very poor success, in all only catching 9 trout, two rainbows + 7 Brown, the largest of which was about 11 lbs. he kept the two largest brown. There were large Trout in the pool but they escaped either round or under the Net. He also stated that he really lost his Net owing to it catching on rocks &c.

The Secretary reported that Carp had been caught in the irrigation ditch that feeds the Wool washery dam in Paarl; W. Chaplin seemed very worried about the matter but could find no trace of Carp being placed in that dam, neither had W. Fraser any recollection of such being done. It was suggested that they may have come down the river from Bethlehem Farm, where there are a whole a large number.

It was unanimously resolved, that if approached as to the opening date for the Coming Season, we should stand out for Sept. 15th.

Messrs W.E.V. Perkstone, A.L. Francey, A.D. Arton. A.T. Lewis the Secretary.

The minutes of the last meeting were read & confirmed.

The Sec. stated that he had called the meeting to decide what quantity & what kind of Fry should be ordered for this season, this matter having been left in the hands of the Committee at the last Annual Meeting.

The usual discussion took place. Members stating that Rainbows were undoubtedly decreasing in our streams & that Brown Trout very slightly on the increase. No definite reason could be given for the steady decreasing of Rainbows & on W. Artons suggestion, the Secretary was instructed to write to W. Chaplin, asking him if he could supply us with any information from other Counties & his own observation, of the habits of the Rainbow. It was resolved that 10,000 Brown Fry should be ordered, & that if W. Chaplin found at the end of the season he had Rainbows to dispose of we should accept them & place them in the Dover & Wenman Stock as we did last year

The Secretary told the Meeting that Capt D'Urban Clarke very much regretted having to give up his membership & on the proposal of Mr. Caton, Seconded by Mr. Woolley he was unanimously elected an Hon. Member

The ordering of Fry for next season was left in the hands of the Committee.

The Secretary read some notes sent by Mr. Chaplin re Rainbow Trout.
Mr. Chaplin was of the opinion that the cause of Rainbows decreasing in our rivers is owing more than any thing else to lack of food as they are more voracious feeders than Brown Trout, this was also borne out by notes read from a book on Fish Management by Mr. Bundy.
Mr. Chaplin was also of the opinion that if we could get rid of our White Fish we should get more Trout
Members were asked to notify the Secretary when they found the White Fish collected for spawning, who would try & arrange to dynamite them, as this was thought to be the most effective way to destroy not only a large quantity of Fish, but also their Ova.

& the Hon. Sec. F. Mayo.

The Secretary explained that he had called the Meeting in order to decide what Variety & quantity of Fry should be ordered for this season.

After a short Discussion it was decided that as we had now for some years had down far more Brown Fry than Rainbow, with no appreciable results we should order in the proportion of two Thirds Rainbow to one of Brown.

The Secretary reporting that he had a considerable Sum in hand, he was instructed to order 6000 Rainbow & 3000 Brown Fry

of the Park Reservoir & tell him that we had for years recognized the danger of the Bottle Fish, & that for the last few years we had been doing a little quiet Dynamiting killing thousands but that the Job was far too big for us & should be taken up by the Government.

The Secretary reported that the Fry placed in Delta Dam by Mr Pickstone was a/gain a failure, owing to the very dry Summer & Lack of Water in the Downs the Dam was dry quite early in the Season & what with Ruy Fishers &c he doubted if any survived.

The Committee had placed an order for 6000 Rainbow & 3.000 Brown Fry for this Season, but Mr Chaplin had informed the Secretary that he doubted if he could supply us with any as owing to the Drought he had had a most disastrous Spawning Season.

Mr Clough reported that he had Dynamited every pool from Wakefield to Hirons hook & killed many thousands of Bottle Fish the Sec. also reported that he had let off a few shots with satisfactory results & that only one boat had been Bottled & that an ill conditioned Canal

It was proposed by Mr Clough & carried

that if possible a day should be appointed & members should, each in his own section of the Berg, dynamite the pools from the French Horn bridge to below Weaver hook.
The Secretary remarked that of course dynamiting was illegal, but that he had years ago obtained permission from the Government to do so as long as it was under the supervision of one of the Committee.

held at Lekkerwijn on Thursday, Aug 2nd 1928.

Present: Messrs H.S.T. Packstone (in chair) H.O. Carlon, Lewis Hall, Nicholson, Hopking & Woolley.

Mr Woolley, who had been acting Secretary since Mr Mayo left S.Africa, was duly confirmed in the post - with power to operate the banking account.

It was unanimously resolved that Mr Mayo be elected an Honorary Member, the Chairman referring to the sterling work put in by the late Hon Sec during his many years of office.

The Minutes were read & duly confirmed

The Secretary read a letter from the Chaplin disclosing the position with regard to fry - Supplies were limited owing to the drought, and only the balance of the previous years order viz 6066, mostly Browns, being available.

Discussion ensued re the advisability of continuation of stocking & the Secretary pointed out that last season produced very large quantities of 5" - 8" fish which might be precocious 1 year old or retarded older fish, & suggested that a microscopical scale reading be obtained to determine whether these fish were

of abnormal & subnormal growth -
In the latter case necessitating attention
to production of more available feeding
grounds & in the latter former, allowing for
considerable increase in stocking.
A resolution was passed instructing
the Sec to write to the Chaplin to ask
him to examine fish scales with this
purpose in view.

The Balance sheet & accounts being
found correct, & disclosing a useful
balance the Sec. proposed that some
of the funds be allocated to improving
access to hitherto unpalatable pools.
Several stretches of good water were
mentioned by members which at present
are practically unfishable and the

Present:
Mr. H.E.V. Pickstone in the chair.
Messrs. Carruthers, Micklem, Clough, Lewis, Lavery, Wallem, Frood, Hopking, Harrison, Packham, Arton, Chaplin, Swan, Hill, Col. Wylie, Admiral Woolley, and Mr. C.H.F. Woolley, Hon. Secretary.

The Minutes of the previous meeting were confirmed, and the Accounts presented and Audited by Mr. Hopking, Hon: Auditor.

The Chairman asked the Hon. Sec. to read the Committee's report, and discussion thereon proceeded.
3000 Brown fry were liberated in the Dwars and Berg rivers by Messrs. Chaplin and Hopking, who were thanked for their services
Mr. Chaplin stated that some 4500 fry were still due to the Association on their 1927 order.

The Sec. read a letter from Mr. Hutton, in England, suggesting that the microscopical reading of scales be undertaken locally, and Messrs. Harrison and Swan, in collaboration, were asked to take the matter in hand: all members of the Association are urged to render them every assistance and co-operation.

Arising out of the last years minutes, the Secretary stated that it had been found to be impracticable to make any appreciable clearings to the banks with the sum of £10; the matter had

A letter and proclamation were read which arbitrarily opened the season for all waters in the Cape Province uniformly on 1st September and finished on 31st May : it was resolved to acquiesce in this decision, but the Groot Drakenstein Association would abstain from fishing before the 15th September.

The Secretary read a letter from Mr. Harrison disclosing his valuable assistance, especially in marking some 15 Rainbows with silver wire in the Dwars river and returning them after making complete notes on each fish : Members and friends are earnestly desired and requested to take weight and measurement of any of these fish retaken and furnish the information to Mr. Swan, returning the fish to the river.
The work of marking fish by means of numbered discs will in future be done under the supervision of Messrs Harrison and Swan.

Blackbass

It was proposed by the Hon. Sec. that Perch be introduced into the river with the view to eliminating or greatly reducing the Wit-fisch pest ; and Mr. Chaplin was asked to give his views. After long and interesting discussion Mr. Lewis proposed and Mr. Taylor seconded

"That no action be taken this season pending further information as to
"experiences in the Transvaal ; the matter to be brought up again at next year's
"meeting"

An amendment was proposed by Mr. Swan and seconded by Mr. Arton

"That Perch be stocked as soon as practicable in view of the fact that the
"Perch and trout live amicably together."

The amendment was put to the vote and carried.
The Secretary was instructed to obtain permission from the Provincial Authority to stock Perch, and further for legal prohibition of fishing in certain pools allocated to the stocking of these Perch for a period of 3 or more years, as requisite.

Mr

Mr. Wallem proposed and Mr. Micklem seconded

"That the In-coming Committee should approach Riparian
"Owners in waters fished by the Association for the purpose of
"ascertaining definitely whether they are still agreeable to extend
"the courtesy of the banks in regard to the fishing rights of the
"Association."

Carried.

Mr. Carruthers proposed, seconded by Col. Wylie

"That Messrs. Harrison and Packham be elected Hon. Members"

Carried unanimously.

The Secretary was instructed to obtain publicity in the Press as to the marked fish and to invite all fishermen to take scales off the right shoulder of such, and hand them to Mr. Swan: alternatively to send the fish thus marked, if unfit to return to the water, to Mr. Swan, the President, or the Hon: Secretary as most convenient at the time.

Mr. Chaplin proposed and Mr. Swan seconded

"That the Association subscribe to the "Salmon and Trout
"Magazine", the "S.A. Motorist" and the "Fishing Gazette".

Carried.

The Chairman stated his opinion that it would be preferable to stock with yearlings, instead of fry as hitherto done: Mr. Chaplin concurred

Mr. Lewis proposed, seconded by Mr. Clough

"That the In-coming Committee be empowered to take steps
"to obtain supply of yearlings and make provision for a pond
"at expense not exceeding £ 20".

Carried unanimously.

Groot Drakenstein Angling Association.

IMPORTANT NOTICE

All waters under control of above-mentioned Association are to be opened by order on the 15th inst. All fishermen kindly note that there are 15 Rainbow Trout marked with a silver wire between 1st and 2nd rays of the Dorsal fin. If any one of these fish be caught, it is earnestly requested that either the fish be handed to Mr. Swan, Station House, Groot Drakenstein, or that the angler will measure, weigh and give all details possible, and Scrape off a dozen scales from the right shoulder and send these scales to Mr. Swan. The fish should then be returned to the water.

Anglers and others interested will realize the importance of co-operation amongst all members, friends and visitors to our waters, and the Angling Association are making great efforts to improve the Berg River and tributaries. Anglers resident in Paarl and district should apply for membership in the Groot Drakenstein Angling Association to.

Committee Meeting held at Lobbenroya
on Wed Thurs 28th Nov 1929.

Present Messrs Pedestone in chair H.O. Acton
D Swan, S Clough. / Carruthers & Hindes.

The Sec explained that the meeting had been
called to discuss the advisability of stocking
the rivers with Black Bass as well as Perch.

Mr Swan said that Black Bass were much
faster than trout, more sporting & highly
edible. The average full grown weight
about 5 lbs - and further remarked that
the Black Bass would assist clear the
rivers of witfis.

Mr Acton in addition said that the habitat
of Black Bass was in deep pools & it was
unlikely that they would interfere with the
trout.

The Hindes referred to the scarcity of the
water & it was explained by Mr Swan that this
disadvantage with trout breeding would disappear
in relation to Black Bass.

Mr Acton proposed & Mr Carruthers that Black
Bass be stocked, carried unanimously

The Hindes read a letter from Mr Lewis
with reference to Zeeman & alleged interference
with fishing rights. The Sec was instructed to
write to Mr Lewis & ask him to let the matter

settled.

Moved by Mrs Swan & seconded by Mrs Clough the Sec be instructed to approach kindred Associations throughout Union to establish a fund to purchase a motor car for Mrs J.G. Chaplin in appreciation of her services to all fishermen.

Minutes of Committee Meeting held at Drakensberg Game Angling Association H.Q. on 11 Nov. 1930

Present Messrs H.W. Pickstone in chair, H.O. Arlan, S Clough, G.W. Davidson, D. Swan, J.C. Hopkins, A.J. Lewis & the Hon Sec.

Mr Rouse of Wemmers Hoek attended the meeting with a view to discussion on rights of riparian owners with regard to trespass.

The Chairman outlined the position & explained that all riparian owners were in the same boat & that Mr Rouse's interests were identical with all other riparian owners.

Mr Lewis was then asked to outline the legal position as he had obtained Counsels opinion - & stressed the peculiar conditions obtaining at Wemmers Hoek owing to triangular ownership.

Mr Arlan explained that the legal position was not the point of view we were trying to insist on but that the whole matter was one of mutual co-operation between sportsmen & riparian land owners.

Mr Rouse was invited to state the position and informed the Association that a great deal of indiscriminate poaching & trespassing took place up there & was a source of great worry & annoyance to him. The Chairman had explained the position to

clearly -

It was decided that Mrs Lewis & Mrs Davidson should be asked to meet Messrs Lord, Malan & Zeeman & discuss the whole situation. Proposed by Mrs Acton & seconded by Mrs Clough.

Proposed by Mrs Lewis & seconded by Mrs Clough that the Secretary write to the Games Club pointing out that effect has not been given to resolution to purchase furniture for which a donation was made by us & to ask that the matter be attended to forthwith

Discussion arose concerning the action of the SAR & the Publicity Association in advertising our waters as an attraction to visitors to the Cape. The Sec was instructed to forward the following resolution of those bodies, proposed by Mrs Pedlestone & seconded by Mrs Clough. That the stocking of rivers under control of the association was entirely private enterprise & not a public matter & that exception is taken to ~~pamphlets~~ literature of the Publicity Association & SA Railways in apparently advertising the fishing in these rivers as an inducement to the General Public from Overseas or Elsewhere.

Fishing for White Fish

Mr Swan said that many members & non members wished to fish with floats & bait for White Fish after discussion. Mr Swan proposed & Mr Michael Pickstone seconded that non members should be allowed to fish only for White Fish at a reduced subscription to be arranged by the Committee The Sec was instructed to write to the Provincial Council for the necessary permission.

Carried.

Proposed by Mr Swan & Seconded by Mr Chaplin
That Mr Appleyard be asked to join the Committee. Carried.

The Sec was instructed to acknowledge Mr Appleyards letter re fishing permits & to say that the association wished to meet him in every possible way & that if he could attend the next ~~Committee~~ meeting the matter could be discussed

Thanks were expressed for the way Mr Appleyard is looking after the rivers.

Mr Michael Pickstone proposed & Mr Swan Seconded
That the matter of the membership of fishermen living outside the district be considered at the next Committee meeting Carried.

Proposed by Mr H.F.V Pickstone & seconded by Mr Chaplin
That Mr B.W. Beachy Head & Mr Smith be elected members of the association Carried.

Mr Chaplin said
Admiral Woolley had written to him & sent a quantity of Salmon Flies which

the suggested should be mounted & placed in the Associations Committee Room.
The letter was read & the fish shown to those present & much admired.
The donation was accepted with thanks & Mr. Chaplin very kindly offered to make suitable cases for them.
This was also accepted gratefully

Proposed by Mr Michael Pickstone & Seconded by Mr J.A. Davidson
That all members be requested to notify the Sec of their Catches of fish of all Sorts during the Season for record & Calculation
Carried.
The Sec was instructed to write to Mr Birbeck of Bethlehem Farm thanking him for the offer of the dam for Fish.
Mr. Chaplin proposed putting in 2 doz Black Bass as an experiment.

The meeting Closed with a vote of thanks to the Chairman.
Proposed by Mr Swan Seconded by Mr. Chaplin.
